

Ice Bulletin 1.0

The official ice stud of the Monster Energy SXS Twin Bridge Takedown is Kold Kutter.

Call Randy @ Kold Kutter (708) 534-2897 for any questions you may have.

The following studs are allowed: Kold Kutter AMA #10, AMA #12 and Canadian #12 in any length.

The maximum stud height is 5/16". The recommend stud quantity is 500-600 per tire depending on the size of the tire.

SXS Sports will be giving a Tech Tips session during the Drivers Group meeting this Friday, 12/7/2017 at the PRI show, room 244 at 1:30 pm. The tech tips will include: cold weather oil and lubricant options, stud layouts, weather driver comfort and tire options (will also be available on Facebook Live).

An additiional Tech Tip video will be posted this week covering stud patterns on various tire options, along with diagrams for additional support.
